REUBEN DRUMMOND
WEB DEVELOPER

Hey! My name is Reuben and I am an aspiring web developer. I thoroughly enjoy creating and problem solving with software. I am keen to get experience working with and learning from professionals to learn industry best practices. My goal is to work in the startup space where I can bring innovative ideas to life.

WORK EXPERIENCE

CEO AND TUTOR AT SPRK
late 2020 to present

As the CEO of sprk., I communicate with staff and clients, handle accountancy and payroll, follow up enquiries, etc. I have also developed software to more easily keep track of tutoring sessions and payments. In addition to administrative responsibilities, I have been tutoring consistently since the start of 2021. I have thoroughly enjoyed building relationships with students and helping them to find success, academically and otherwise.

INTERESTS/HOBBIES

- Software + web dev
- Investing (stocks + crypto)
- Maths
- NRL + touch football
- Basketball
- Health + fitness

TECHNOLOGIES

- TypeScript
- JavaScript
- React
- Next.js
- Node.js
- TailwindCSS
- SQL
- Git
- Figma

PROJECTS

NEXT TAPI
feature project

Published on npm, Next tAPI is a fully typed abstraction of Next.js API routes, making for faster, safer, and more enjoyable development. I learnt so much about TypeScript. See more here.
